Motor-Drive Package Extended Warranty Policy

Toshiba's standard warranty on all ASD's is eighteen (18) months from date of shipment or one (1) year from date of start-up, whichever comes first. This is a full parts and labor warranty. Please refer to Toshiba standard terms and conditions available on our website www.toshiba.com/ind for more details.

Extended warranties are also provided on TIC motor-drive packages. When a purchase order is submitted for a motor-drive package to TIC, the inverter warranty will be extended to match the motor warranty up to three years parts and labor when this form is included. This extended warrantee includes the following drives products: G7, H7, and G3+. For motor drive packages shipped from distributor stock, the distributor must submit this request form to ASD marketing. This form must be submitted no later that 60 days after distributor invoice to end user.

The following table is for your reference only the latest published motor warranty documentation will always be the applicable when determining the length of the motor warranty.
